

LANIVET PANDAS NETBALL CLUB

Mission Statement

Lanivet Pandas Netball Club is a Parish based Community Group specifically/primarily but not exclusively for the benefit of Lanivet Parish. Its aim is to encourage enjoyment of physical activity and social interaction through the game of Netball.

To achieve this, Pandas provide

- an introduction to the game for those with less experience, or a period of absence from the game,
- training in skills that develop team-work, co-ordination, spatial awareness and ball handling techniques,
- safe methods of enjoying physical activity,
- progression into competitive sport if requested,
- a walking netball section, for those who wish to play at a slower pace,

a social network and range of events, often focused on raising funds for local charities.
